Electrolux PROFESSIONAL

Industrial Ironers

Towel folder 1.3

Images shown are a representation of the product only and variations may occur.

Features and benefits

- 3 length folds making a French fold combined with 1 or 2 cross folds or a French cross fold which enables to fold any kind of towel
- Ergonomics and user-friendly Electrolux control panel for quick and easy program changes
- Folded items are sorted and dropped on three separate conveyors, and returned to the operator for a perfect ergonomic working situation
- Maximum item width is 1200 mm and maximum towel length can be up to 1800 mm
- Fixed speed of 52 m/min for a high production

Main options

- Conveyors can exit to the right or to the left to perfectly match the laundry set up
- The final conveyor can return the linen to the operator or to the back for a straight forward flow
