SOAP AND PAPER DISPENSERS

Brightwell Dispensers offers a wide range of soap and paper dispensers, incorporating revolutionary pump systems and two distinct styles of cover, as well as a versatile dispenser with bespoke design options to make it unique to your brand.

MODULAR COLLECTION

Simple, practical and robust, the Modular soap, paper and toilet tissue dispenser range suits every hygiene point in environments such as schools, offices, commercial kitchens, hospitals, light industrial workplaces and motorway services. Easy to operate and maintain, the Modular collection is an ideal solution to create a hygienic and clean environment.

MERCURY COLLECTION

Luxurious and modern, the Mercury soap and paper dispensers are stylish, high-end products designed to give any hygiene environment a modern look thanks to their stainless steel finish. Solid and professional, the Mercury dispensers are ideal for luxury environments such as executive offices, hotels, bars and restaurants.

MULTIFLEX SOAP DISPENSERS

These versatile soap dispensers offer businesses the highest in hand hygiene with fully disposable containers to avoid the risk of cross contamination.

TECHNOLOGIES

From product design through to manufacturing we use innovative and advanced technology and manufacturing processes to supply our customers with high quality and reliable products.

PATENTED PUMPS

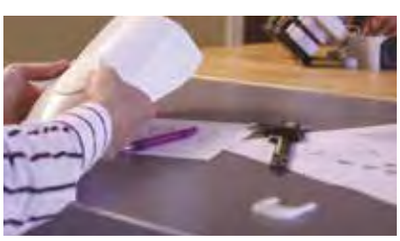
Pumps and containers are fully interchangable to allow any type of chemical to be dispensed from a refillable container or a disposable pouch.

MATERIAL

We use a range of high quality polymers.

BRANDING AND BESPOKE DESIGN

We offer our customers the option to distribute our products under their own company's name thanks to our internal branding facility. We also offer own-labelling, with designs to suit your requirements.



BESPOKE DESIGN

We offer our customers a design service for bespoke dispensers, whether you have ideas of your own or would like style guidance from our design team.

BRANDING

Distribute our dispensers with your logo using our branding service.

MODULAR SOAP DISPENSERS

This multipurpose dispenser works with more hand care products than any other on the market including liquid and foam soaps, spray, creams and gels. It uses interchangeable pumps to allow perfect dispensing of a variety of products. You can choose to dispense soap from a refillable reservoir or pouches. This dispenser can be locked to your product, meaning customers can only use your soap brand when you provide them with our dispensers.

KEY FEATURES

- Multipurpose, modular system: mix and match pumps and containers
- Suitable for most soaps and lotions
- Fully disposable pump and pouch system available for places that require a high level of hygiene such as hospitals
- Available in small, standard and large to suit your usage levels and environments
- Large front window to check stock levels
- Robust ABS plastic
- Can be exclusive to your brand with the option of exclusive pin positions

MODULAR SOAP DISPENSER SIZES

You have the choice of three sizes of dispensers and you can mix and match pumps and containers to fit your needs.

BRANDING OPTIONS

Distribute our products under your own company's name or logo using our internal branding service.

SPECIFICATIONS: MODULAR SOAP DISPENSER

SUITABILITY	Foam soap, liquid, spray, cream, desinfectant, beaded hand gel	
CAPACITY	Mini: Refillable reservoir 400 ml Standard: Disposable pouch 800 ml | Refillable reservoir 900 ml | Institutional pouch 800 ml Large: Disposable pouch 1.8 L | Refillable reservoir 2 L	
DIMENSIONS AND WEIGHT	Mini	Height: 190mm, Width: 90mm, Depth: 98mm, Weight: 0.3kg
	Standard	Height: 250mm, Width: 115mm, Depth: 115mm, Weight: 0.6kg
	Large	Height: 310mm, Width: 140mm, Depth: 145mm, Weight: 0.85kg

MODULAR TOUCH FREE SOAP DISPENSER

Touch free soap dispensing encourages better hygiene to any environment and helps monitor the use by controlling the amount of soap. No electrical fitting is required, as each dispenser is economically operated by C size batteries. It also features an auto-switch function between two battery compartments for longer running times. To ensure optimum cost savings, the device has a 'sleep mode' and a capacitive sensor that prevents accidental soap delivery.

KEY FEATURES

- Touch free mechanism encourages the highest hand hygiene
- Interchangeable pumps
- Dispenses up to 1ml
- Dispenses liquid and foam soap

PUMP OPTIONS

Liquid pump
1ml

Foam pump
0.5ml

SPECIFICATIONS: MODULAR TOUCH FREE DISPENSER	
SUITABILITY	Liquid and foam soaps

BATTERIES	4 x standards size C

MODULAR HAND TOWEL DISPENSERS

MODULAR HAND TOWEL DISPENSER

An ultra-strong towel dispenser that fits a wide range of hand towels – from interleaved to extra-narrow. For towels below 100mm folded depth, we offer an adaptor plate that transforms the dispenser into a perfect fit.

SMALL

LARGE

ADAPTOR PLATE

KEY FEATURES

- Versatile design: fits interleaved, C-fold, Z-fold paper towels
- Single towel dispensing minimises waste
- Adaptor plate for extra-narrow towels
- Available in two sizes
- Easy to service and restock

SPECIFICATIONS: MODULAR HAND TOWEL DISPENSER

SUITABILITY		Interleaved, c-fold or z-fold paper towels from 65mm deep up to 255mm wide
CAPACITY		Max stack height 200mm (small) 360mm (large)
DIMENSIONS AND WEIGHT	Small	Height: 265mm, Width: 290mm, Depth: 145mm, Weight: 0.75kg
	Large	Height: 425mm, Width: 290mm, Depth: 145mm, Weight: 1kg

MODULAR CENTREPULL DISPENSER

A space-saving dispenser that fits perforated centre-pull rolls, and is designed for areas that require fast access to towels.

SMALL

LARGE

KEY FEATURES

- Space-saving design
- A perfect choice for kitchens, gymnasiums and garages
- Unique 'tear-off' mechanism minimises paper waste and environmental impact
- Available in two sizes
- Easy to service and restock

SPECIFICATIONS: MODULAR CENTREPULL DISPENSER

SUITABILITY		Centre-pull rolls with a maximum height of 230mm
CAPACITY		Max diameter 144mm (small) 205mm (large)
DIMENSIONS AND WEIGHT	Small	Height: 330mm, Width: 180mm, Depth: 175mm, Weight: 0.75kg
	Large	Height: 350mm, Width: 230mm, Depth: 230mm, Weight: 1.1kg

MODULAR AUTOCUT HAND TOWEL DISPENSER

The autocut hand towel dispenser is ideal for environments where hygiene is paramount. The system delivers pre-measured flat sheets of paper towel, minimising the risk of cross contamination as only the paper is touched and not the dispenser.

BRANDING
Distribute our products under your own company's name or logo using our internal branding service.

CHOOSE YOUR WINDOW COLOUR
Customise your paper dispensers with the window colour of your choice.

KEY FEATURES

- One of the smallest autocut dispensers in the market
- Economical 23.5cm towel sheet length
- Automatic paper loading mechanism when closing the dispenser
- Low pull force of 0.5kgf allows the use of a low grammage paper without tearing
- Cutting blade re-sharpens itself every time it cuts the paper
- Secure key locking system to prevent damage or pilferage
- The cutting mechanism can be easily extracted for cleaning and maintenance

SPECIFICATIONS: MODULAR AUTOCUT HAND TOWEL DISPENSER	
SUITABILITY	1 ply, 2 ply and 3 ply rolls
ROLL CAPACITY	Max diameter 195mm, width 200mm, min core diameter 0.37mm
DIMENSIONS AND WEIGHT	Height: 330mm, Width: 314mm, Depth: 214mm, Weight: 2.3kg

MODULAR TOILET TISSUE DISPENSERS

MODULAR MULTIFLAT TOILET TISSUE DISPENSER

A compact dispenser which is excellent value and popular for smaller washrooms. The sturdy design makes this dispenser durable and fits perfectly in smaller spaces.

KEY FEATURES

- Space-saving design: a good choice for small offices, restaurants and workplaces
- Suits a wide variety of toilet tissue brands and fits multiflat or bulk-pack papers
- Easy to fit, easy to restock and effortless to maintain

SPECIFICATIONS: MODULAR MULTIFLAT TOILET TISSUE DISPENSER	
SUITABILITY	Multiflat or flat pack toilet tissues up to 125mm in width
CAPACITY	230mm stack
DIMENSIONS AND WEIGHT	Height: 275mm, Width: 150mm, Depth: 130mm, Weight: 0.85kg

MODULAR TWIN TOILET ROLL DISPENSER

This popular two-roll design halves restocking time, as when one roll is finished the other automatically drops into its place. The model accepts conventional toilet rolls which are easier to store than jumbo paper rolls, making this dispenser ideal if storage space is limited.

KEY FEATURES

- Holds two rolls of paper: shorter restocking time
- Designed for washrooms that experience light to medium use
- An excellent solution if storage of jumbo toilet rolls is not possible
- Easy to restock and the internal mechanism is hard-wearing and easy to maintain

SPECIFICATIONS: MODULAR TWIN TOILET ROLL DISPENSER	
SUITABILITY	Toilet rolls ranging from 90mm to 125mm in diameter
CAPACITY	2 rolls
DIMENSIONS AND WEIGHT	Height: 315 130, Width: 148 130, Depth: 150, 130, Weight: 0.65kg

MODULAR TOILET ROLL JUMBO DISPENSER

Busy washrooms mean busy toilet tissue dispensers. The Modular jumbo model is sizeable and strong enough to take on constant use. Available in five sizes: large, medium, small, small with stub and twin mini.

LARGE MEDIUM SMALL

BRANDING
Distribute our products under your own company's name or logo using our internal branding service.

CHOOSE YOUR WINDOW COLOUR
Customise your paper dispensers with the window colour of your choice.

KEY FEATURES

- Available in four sizes to cater for all environments
- Small jumbo with stub helps reduce paper wastage
- Clever reversible spigot fits different roll-core diameters
- For perforated and non-perforated paper
- Easy restocking

MODULAR JUMBO WITH STUB

SPECIFICATIONS: MODULAR TOILET ROLL JUMBO DISPENSER

SUITABILITY	Perforated or un-perforated jumbo rolls with a maximum width of 110mm and a core size between 45mm and 65mm	
ROLL CAPACITY	Max diameter	Twin mini 140mm, Small 200mm, Medium 260mm, Large 300mm
DIMENSIONS AND WEIGHT	Twin mini	Height: 200mm, Width: 350mm, Depth: 155mm, Weight: 0.86kg
	Small with stub	Height: 232mm, Width: 338mm, Depth: 123mm, Weight: 0.7kg
	Medium	Height: 325mm, Width: 280mm, Depth: 145mm, Weight: 0.8kg
	Large	Height: 375mm, Width: 340mm, Depth: 145mm, Weight: 1kg

MODULAR TWIN MINI JUMBO

MODULAR HAND DRYER

Small but powerful, this compact hand dryer fits most washrooms. The double-insulated class 11 enclosure is safe for use in any washroom*. This dryer is fully CE approved and manufactured under ISO 9001:2000.

KEY FEATURES

- Slim, compact and powerful
- Low running costs
- Double insulation: safe for washroom use
- CE approved and manufactured under ISO 9001:2000
- Suitable for low traffic environments

SPECIFICATIONS: MODULAR HAND DRYER

SUITABILITY	220-240V AC, 50/60Hz, 4.8A, 1100W
OPERATION	Automatic start when hands are placed below outlet, automatic stop 2 seconds after hands are removed, airflow – 96m3 per hour, thermal cut-out 95C
DIMENSIONS AND WEIGHT	Height: 260mm, Width: 145mm, Depth: 140mm, Weight: 1.2kg

*Subject to professional installation

MODULAR WET WIPE DISPENSER

The Modular wet wipe dispenser improves the hygiene of any environment. It dispenses one wet wipe at a time and keeps the remaining stock fresh.

KEY FEATURES

- The closure fits perfectly to the neck provided for wet wipe packs, preventing wipes from drying out.
- Mounted on a wall, this static cleaning station also keeps the workplace tidy and locks away the stock of wet wipes. (High annual Minimum Order Quantities apply.)

BRANDING

Distribute our products under your own company's name or logo using our internal branding service.

MULTIFLEX SOAP DISPENSERS

The MultiFlex soap dispenser is highly versatile and is designed for environments requiring the highest level of hygiene. This wall mounted soap dispenser has a 100% disposable inner dispensing mechanism to ensure full hygiene integrity as the cartridge and pump are disposed of together. This eliminates the risk of contamination and provides a safe soap dispensing solution. Typical environments include hospitals or other areas that require special attention to hygiene and care.

There are two MultiFlex soap dispenser options available: manual operation and automatic/touch free.

MANUAL MULTIFLEX SOAP DISPENSER

Make the MultiFlex unique to your brand. The cover is available in the Modular-range style as standard, or you can work with our design engineers and make your own design to fit with your brand. You can also make the most of our internal branding services to have your logo printed on the front. The dispensers are lockable to your chemicals with bespoke pin positions.

NB: Our MultiFlex soap dispensers are a bespoke solution, requiring large minimum order quantities. Please speak to us about a proposal for your business.

ECOMINI

Brightwell Dispensers' **ECO**MINI is a push-operated pump designed to deliver detergent directly from a product container into a commercial kitchen sink. It features a fixed 30ml dose and a 125mm outlet spout. A longer, 300mm spout is also available. This easily mounted pump requires minimal set-up and is available with a non-drip aluminium or stainless steel spout.

125MM SPOUT VERSION

300MM SPOUT VERSION

KEY FEATURES

MATERIAL
- Standard version: Aluminium & EPDM
- Premium version: Stainless steel and Viton

FLEXIBLE
- Available with a 125mm or 300mm spout in either aluminium or stainless steel materials

SPECIFICATIONS: **ECO**MINI	
APPLICATION	For use with manual dishwash detergents in commercial kitchen sinks
OPERATION	Simple push operation
INSTALLATION	Wall-mounted dispenser
CAPACITY	Product from bulk drum or bottle hanging system (optional)
CUSTOMISATION	The dispenser can be branded with your company name or logo. Minimum order quantities apply
DIMENSIONS AND WEIGHT	Height: 200mm, Width: 110mm, Depth: 120mm, Weight: 0.55kg

ECOSHOT

ECOSHOT is a manual stand-alone chemical dispensing system that does not require a mains water connection, perfect for environments with fluctuating water pressure. Ideal for dispensing into bottles, buckets or sinks. The **ECO**SHOT is developed using Brightwell Dispensers' patented dosing ring technology.

KEY FEATURES

ACCURACY

- Optional built-in delay function to prevent overdosing once a shot of chemical has been dosed

SAFETY

- Accidental activation is avoided as the optional twist and push operation ensures that the push button has to be twisted then pushed firmly before dosing a shot of chemical

SPECIFICATIONS: **ECO**SHOT	
APPLICATION	For use with dishwash and cleaning detergents
DOSING RANGE	Shot between 5ml and 30ml of chemical
OPERATION	Push button with optional twist activation and delay mechanism to prevent overdosing
CAPACITY	Suction from any sized container. Cabinet available for 2L container or 1.5L pouch
CUSTOMISATION	The dispenser can be branded with your company name or logo. Minimum order quantities apply
COLOURS	Cover ring: grey as standard. Also available in blue, green, red and yellow
DIMENSIONS AND WEIGHT	Height: 220mm, Width: 120mm, Depth: 125mm, Weight: 0.51kg

ACCESSORIES

SECURE CHEMICAL CABINET

A safe and secure solution which limits contact with concentrated chemicals and minimises risk of pilferage.

Capacity: 1.5L pouch or 2L container. Ability to set proprietary pin positions on pouch systems.

Colours: Cabinet ring: grey as standard. Also available in blue, green, red and yellow.

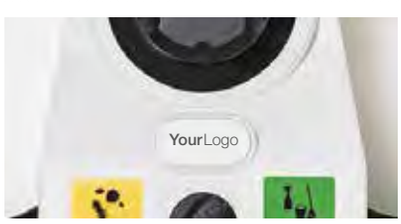
Branding: Front cover circular plaque can be customised with your company logo.*

BOTTLE HANGING BRACKETS

Hanging brackets keep chemical containers off the floor and facilitate easier floor maintenance. Each bracket supports up to a 5L container.

DISPENSER KEY

Protect against tampering with our unique dispenser key ensuring all systems can only be opened by appointed personnel who are trained on system operation.



CUSTOM BRANDING

You can personalise the front cover plaque with your company logo using our branding service. Alternatively, use multi-coloured dispenser rings to complement your corporate colours.*

COLOUR-CODED PICTOGRAMS

Multi-lingual, colour-coded pictograms in sets of blue, red, yellow, green and transparent to aid easy identification of correct cleaning solution and application. The pictograms come as standard and are available in English, Spanish, French, Italian and German.

NRV

Our non return valves are available in EPDM, viton and extreme viton.

*Minimum order quantities apply

DRAIN DOSING PUMP

DrainWatch is a durable and reliable dosing system suitable for indoor and outdoor applications that require the delivery of a single chemical at timed intervals. Available as a mains or battery operated system, DrainWatch is commonly used for drain and grease trap maintenance and other purposes such as water treatment applications.

MAINS OPERATED

BATTERY OPERATED

KEY FEATURES

- Rated IP65 for indoor and outdoor use in tough industrial environments
- Long-life premium motor for extended running life
- Multi-lingual programming with quick access review of events from one single screen
- LCD digital interface with character display and backlight for ease-of-use
- Optional access code protection to prevent unauthorised use
- Easily serviced from the front with compression connectors to facilitate quick tube changes
- Efficient and fast installation with mounting bracket and spirit level
- Low battery indicator as standard for battery models
- On/Off LED indicator

MOTOR	DC Brushed Motor
NO. OF FEEDS/24 HRS	20
FLOW RATE*	100ml/min
PUMP	Peristaltic Pump/Silicone Tube
INSTALLATION KIT	• Drain Pipe Injector • Cable Tie • PVC tube • Weight • Foot Filter
APPROVALS	CE Class 2 Product Certification. IP65 Rated
DIMENSIONS AND WEIGHT	Height: 105mm, Width: 210mm, Depth: 100mm, Weight: 0.78kg

* Flow rates are subject to environmental conditions

QUANTURA 10 AND QUANTURA 10+

The Quantura 10/10+ are single peristaltic pump systems for dosing one chemical of detergent or rinse-aid into glass or under-the-counter dishwashers. Easy installation and configuration together with reliable tube fittings make this system the ideal dosing solution.

KEY FEATURES

- Intuitive and easy-to-use interface
- Quick configuration and set up
- Every pump is pre-wired to reduce installation time
- Wall bracket mounting with integrated spirit level
- Water resistant, durable cover
- Optional conductive probe attachment

TWO OPERATING VARIANTS ARE AVAILABLE:

Timed – configurable initial and top up charge duration
Speed – configurable pump speed and cycle time

CONDUCTIVE PROBE

SPECIFICATIONS: QUANTURA 10 AND QUANTURA 10+		
POWER	100–240VAC, 50/60Hz, Class II	
FLOW RATES*	Q10 Detergent flow rate: 10ml/min to 100ml/min Q10 Rinse aid flow rate: 5ml/min to 50ml/min	Q10+ Detergent flow rate: 15ml/min to 150ml/min Q10+ Rinse aid flow rate: 7ml/min to 70ml/min
OPERATING PRESSURES	Detergent: 1 bar Rinse aid: Up to 1.5 bar	
OPERATING MODES	Quantura 10: Time Mode, Speed Mode Quantura 10+: Time Mode, Speed Mode, Probe Mode	
PROBE	Conductive probe available for Quantura 10+	
CONTROL CIRCUITRY	Microchip Microprocessor	
SQUEEZE TUBE FITTINGS	Standard: Compression fittings; alternative fittings are available on request (minimum order quantities apply)	
MOTOR	24VDC	
PRODUCT STANDARDS	CE approved	
DIMENSIONS AND WEIGHT	Height: 95mm; Width: 89mm; Depth: 100mm; Weight: 0.5kg	
IP RATING	IP55	
WARRANTY	1 year	

* Flow rates are subject to environmental conditions

QUANTURA 200 AND QUANTURA 200S

The Quantura 200 is a peristaltic pump dosing system for dosing dishwash detergent and rinse aid into a wide variety of commercial dishwashers including conveyor, hood and door type dishwashing machines. Providing the same features and specifications as the Quantura 200 system, the Quantura 200S dosing system is for customers who use a solid powder fed system. In place of the peristaltic detergent pump, the Quantura 200S has an electrically operated solenoid valve that works with a powder bowl system.

QUANTURA 200

QUANTURA 200S

KEY FEATURES

- Easy installation and set-up
- One system for Probe Mode, Probeless Conveyor Mode, Probeless Hood/Door Mode
- High-quality brushless DC motors
- Micro-processor controlled dosing
- Pump status lights and on/off indication light
- Special Pulsing Technology to achieve super low flow rates
- Full text LCD in nine different languages
- Secure access code option
- Optional conductive probe attachment
- De-lime (descaling) capability
- Pre-wired to speed up installation process
- Modular design allows an easy conversion from a two to three pump system

SPECIFICATIONS: QUANTURA 200 AND QUANTURA 200S	
POWER	100–240VAC, 50/60Hz, Class II, Maximum power consumption: 42W
FLOW RATES*	Detergent flow rate: 30ml/min to 250ml/min (BrightChem tube) Rinse aid flow rate: 3ml/min to 30ml/min (BrightChem tube)
OPERATING PRESSURE	Detergent: 1 bar / Rinse aid: Up to 3 bar
TRIGGER SIGNALS	24V to 240V (AC or DC), opto-isolated
OPERATING MODES	Probe Mode, Probeless Conveyor Mode, Probeless Hood/Door Mode
PROBE	Temperature compensated conductive probe
CONTROL CIRCUITRY	ST Micro ARM Cortex-M3 CPU microprocessor controlled. Security access codes
SQUEEZE TUBE FITTINGS	Standard: Compression fittings; Alternative fittings are available on request (minimum order quantities apply)
MOTOR	Brushless 24VDC
SOLENOID VALVE	24VDC (Applicable for Quantura 200S)
PRODUCT STANDARDS	CE marked, Low Voltage Directive (LVD) 2014/35/EU EMC Directive 2014/30EU. Machinery Directive 2006/42/EC CSA Approved underneath
DIMENSIONS AND WEIGHT	Height: 210mm, Width: 183mm, Depth: 115mm, Weight: 1.2kg
WARRANTY	2 years
IP RATING	IP55
BUZZER	24VDC max. 500mA (10W)
MULTILINGUAL INTERFACE	Czech, Dutch, English, French, German, Italian, Polish, Spanish and Portuguese

* Flow rates are subject to environmental conditions
